

LASER-CUTTING PRODUCTIVITY SYMPOSIUM

JUNE 26-27, 2019

The impact of higher power, new technology and flexible automation solutions will redefine the next decade of laser-cutting productivity.

YOU ARE INVITED

Mazak is offering two one-day symposiums that deliver insights regarding the direction of laser-cutting productivity. Key topics include:

10:30am - The impact of new high power/performance lasers on throughput

11:15am - How breakthroughs in automation technology can add flexibility without adding skilled labor

1:00pm - Next generation tube laser-cutting technology

Nine laser-cutting machines + automation under power

LOCATION

Mazak Laser Technology Center
2725 Galvin Court, Elgin IL 60124
