DISCOVER MORE WITH

Mazak

Thinking about MTConnect for your facility?
Not sure where to begin?
Need in depth training on MTConnect?
Need to know what questions to ask?
Want to see it in action at Mazak's iSmart Factory?

As one of the original members of the MTConnect Institute, and after years of helping customers implement pilot projects, Mazak is now offering a hands on…

MTConnect® BOOTCAMP

This two day class will start out with the most basic information on MTConnect and progresses to advanced concepts and implementation details allowing you to answer the following…

What is MTConnect?
What can I do with MTConnect?
Where is MTConnect going?
How do I get started?
What products are available for using MTConnect?
What IT requirements are needed?
How does it work?
Installing and configuring Adapters and Agents.
How do I used it efficiently?

To sign up for the next available class..
