

# LASER-CUTTING PRODUCTIVITY SYMPOSIUM

**JUNE 26-27, 2019**

The impact of higher power, new technology and flexible automation solutions will redefine the next decade of laser-cutting productivity.

## YOU ARE INVITED

Mazak is offering two one-day symposiums that deliver insights regarding the direction of laser-cutting productivity. Key topics include:

**10:30am** - The impact of new high power/performance lasers on throughput

**11:15am** - How breakthroughs in automation technology can add flexibility without adding skilled labor

**1:00pm** - Next generation tube laser-cutting technology

**Nine laser-cutting machines + automation under power**

## LOCATION

Mazak Laser Technology Center  
2725 Galvin Court, Elgin IL 60124
